Problem-Solution Fit

StaffSync - Modern Human Resource Management Solution

Project	StaffSync - Modern Human Resource Management Solution
Student	Neha Patidar
Enrollment No.	EN24CS3010683
Domain	Information Technology
Stack	MongoDB, Express.js, React.js, Node.js (MERN)

Section	Details
Customer segment	Small and mid-size organizations, colleges and teams with HR, managers and employees
Customer constraints	Limited budget, no technical staff, need for a simple tool
Jobs to be done / Problems	Track leaves, attendance, employee data, notices and training without manual work
Root causes	Paper and spreadsheet processes, no central system, no role-based visibility
Triggers to act	Approval delays, data errors, audit or reporting needs
Current behaviour / Alternatives	Excel sheets, registers, WhatsApp and email
Emotions before	Stress, confusion, repeated follow-ups
Emotions after	Control, clarity, trust in records
Our solution	StaffSync: one secure web platform with HR, Manager and Employee dashboards
Channel	Web browser on desktop or mobile; deployed link
